CELEBRATE YOUR INDIVIDUALITY
WITH SMATERIA

We are an ethical, independent brand and community of creators who strive to provide products that allow you to express who you truly are, all whilst having fun. Our products stand out with their unconventional materials and patterns, adding pops of colour and texture to your daily wear. We believe in the potential of the unusual.

All our creations are made fairly in our own local factories in Cambodia, and we are proud to offer excellent benefits to our mostly-female production team to ensure they live a life of freedom and joy, just like you.
